BROWN SEES WAR TORN FRANCE AND BELGIUM

FINDS PLENTY OF FOOD IN MARTYRE BELGIUM.

Is Touring Europe With Southern Commercial Congress Commission.

TAMPA, Oct. 28—Charles H. Brown, president of the Tampa Board of Trade, who is one of Florida's representatives on the commissions sent by the Southern Commercial Congress to investigate present conditions in European countries, writes interestingly of his experiences to a friend here. His letter, which comes under date of Oct. 5 from Paris, is in part as follows:

"Have been here for a week, and am going on to Switzerland tomorrow, then to Italy and some other prominent but ancient places. Will sail about Oct. 19 from Naples for the good old U. S. A. Have sure been traveling some the past five weeks. It might be interesting for me to tell you that the prettiest countries we have seen were Scotland and Holland. I saw more cows and sheep between Edinburgh and Amsterdam I believe than are in the whole of the United States. Fine farms and pretty stock of all kinds, and food in abundance.

"We found plenty of food, and well dressed people in Belgium outside of the war zone. We visited the battlefields of Ypres, Dixmude and other smaller towns in Belgium, and from Paris we went yesterday to Chateau Thierry and Belleau Wood. This was a horrible sight, especially the Ypres sector. Near Ostend we saw the Big Bertha gun, mounted to destroy Dunkirk, but they were late in mounting it, and failed to do much damage.

"Paris is a great city, but has not recovered from the war a great deal. Things are high and service is not very good. A dollar of S. A. money will buy eight francs and fifty two centimes, or about twelve cents per franc. This places the money of France way below what it should be, and militates against the restoration of normal business.

"The commission has been shown much attention in every country visited thus far. We leave here Monday for Switzerland, where we will probably visit Berne, Basle and Geneva, thence to Italy. Will give you a good account of the trip and its interesting points when I reach home.

"By the way, I found Mr. Oscar Daniels in a hospital here and paid him a visit today. He is doing fine, and will soon be out and home to Tampa again."

BODY IN KEY WEST.

Remains of Former President of Honduras Arrives in Island City.

KEY WEST, Oct. 28.—(Special)—The remains of the deceased ex-president of Honduras, Melendez, arrived in Key West over the Flagler system this morning. The body was carried to the Key West naval station and put aboard the U. S. S. Cleveland to be conveyed to Acapulco, Salvador, by the way of the Panama canal.

Accompanying the body of the deceased ex-president was his widow, Mrs. Sara de Melendez, also Lynn W. Franklin, representative of the state department at Washington; Dr. Santiago Latona, brother-in-law of the ex-president; Dr. Atelio Porcine, secretary of the legation of Salvador in Washington, and servant, Miguel.

The funeral party was met at the passenger station by Capt. Chas. K. Farmer, acting commandant of the seventh naval district; Capt. E. J. Blankenship, of the U. S. S. Cleveland, and staff, and detachment of sailors, also Lieutenant Charles Morgan, acting commandant of the Key West naval station.

DREAM RECOVERS \$13,000

Whereabouts of Missing Bonds Made Known to Girl in Sleep.

WELLSBURG, W. Va., Oct. 27.—A dream of a golden haired stenographer saved the cashier of a local bank much labor in figuring how many years it would take him to make good \$13,000 worth of bonds which he had lost.

For an entire day the bank force gave its attention to trying to locate a customer's bonds, which had unaccountably disappeared. That night a dream took the typist into the bank vault and there showed her the \$13,000 worth of bonds, bearing the name of the owner, in safety box No. 13. The following morning, with the cashier, she went to box No. 13, opened it and found the bonds. The cashier inadvertently had placed them in the drawer allotted to another patron.

White Ring and Omega Flour

This is the Flour the discriminating housewife wants. Quality is what counts.

Every Pound Sold With an Absolute Guarantee. Demand it from your Grocer.

Distributors for

Lee Puncture Proof and Regular Tires

CHIEF OF DETECTIVES OF TAMPA IS INDICTED

THOMAS CHARGED WITH CONSPIRACY IN SENSATIONAL CASE.

Indictment Grows Out of Arrest of Avon Park Postmistress in a Lakeland Hotel.

TAMPA, Oct. 28.—It became known here today that the Polk Grand jury, in session at Bartow, has indicted Chief of Detectives Fred Thomas and W. R. Parsley, of Tampa and R. I. Harris and R. W. Swearingen, of Avon Park in connection with a recent sensational case growing out of the arrest of Mrs. Fannie Reeves, Postmistress at Avon Park while Mrs. Reeves was a guest at a Lakeland hotel.

The case has attracted a great deal of attention, culminating in an investigation of the conduct of Chief of Detectives Thomas by the Tampa council. At that time Editor Bloom, of the Lakeland Star, who charged in his paper that the arrest of Mrs. Reeves in a room in the Ribbler hotel with Parsley was a frame up, was assaulted in the presence of officials at the city hall by a man named Reed, in no wise concerned in the case. Reed was subsequently arrested and is now being held for trial.

The case has stirred all south Florida, it being charged that Detective Thomas "framed-up" a plan to catch Mrs. Reeves, that Parsley forcibly entered her room at the opportune moment and was arrested there with her. The motive for this action, it is said, was to dispossess Mrs. Reeves of the post office. Government postal authorities are known to be working on the case also.

WARNING IN NEW MEXICO.

SANTA FE, N. M., Oct. 28.—Urging the coal miners of New Mexico to consider carefully whether they have grievances that justify, Governor Larrazolo has issued a proclamation dealing with industrial upheavals. He denounces foreign-born agitators and warns the miners they have no right to attempt to prevent other people from doing the work they refuse to do.

GREAT MIDWAY EXHIBIT.

Will Be Staged at Big Fair in Jacksonville In November.

JACKSONVILLE, Oct. 28.—Midway features at the Florida State Fair & Exposition, November 22-29, will be the most striking ever brought to Florida, according to announcement from Fair headquarters. Polack Brothers' combined shows, with 55 cars, will provide the amusement attractions and in order that these features, together with the exhibits may be handled with facility, the railroad side track is being extended into the fair grounds at a cost of many thousands of dollars.

Arrangements for several big bands of national reputation are being concluded in connection with the amusement features of the fair and a big program of daily free acts also has been arranged. Visitors to the fair will not have an idle moment, whether they remain one day or through the entire season, for there is plenty to keep them busy every minute.

MAKING POTATO FLOUR

Product Finer and Whiter Than That Made in Germany

GRAND RAPIDS, WIS., Oct. 27.—Wisconsin turned out its first American potato flour at the Grand Rapids Mill of the Falk American Potato Flour Company recently. More machinery is being put into the mills, with the expectation of soon running on a capacity scale.

The product of the local plant will be a cleaner, whiter flour than some turned out by German manufacturers, who do not remove the eyes from the potatoes, and do not grind the flour as fine.

While it appeared that there might be trouble in getting enough potatoes earlier in the season, growers have become better acquainted with the market and there should be plenty of No. 2s available.

IN HASTINGS—Free demonstration of Beman tractor. Cheap, durable and satisfactory, Saturday afternoon 2 p. m. d2-w1
